

FLORIDA AGRICULTURAL AND MECHANICAL UNIVERSITY

These data come from an evaluation form that is completed by the school principals where the EPP's completers are employed. The evaluations are completed every year for both in-field and out-of-field completers. The data provide an indication of the effectiveness of our completers. but VAM Score is only collected from in-field completers. The data that we receive cover three-year periods for those completers working in a public or charter school in the state of Florida.

2021 School District Personnel Evaluations for Florida A&M University Completers, 2019-2020
